COUNTING ON THE ISLAND

MATH ACTIVITY STORY BOOK

Ages 4+

WRITTEN BY TJUANA FRIDAY
ILLUSTRATED BY THEO TAYLOR

Can you imagine an island full of treasure and magical numbers?

Liam and Zara are off on an exciting trip with their family to a special island in the Caribbean. This island is called the Island of the Clouds. Here, they will enjoy the sun, sea, and sand while discovering the magic of mathematics all around them. Liam and Zara could not wait to explore.

As the boat got closer to the island, the family was amazed by its beauty. It truly looked like the Island of the Clouds.

They took pictures from their seats while the tour guide pointed out places they would visit during their stay.

As they waited for the ferry to dock, Dad smiled and said, “I spy with my little eye, a house with a red roof. Do you see it?”

Zara looked around.

“Yes, I see it! One... oh, look another! Two... three... four... five! Wait, I see more!”.

They all laughed as they looked for more houses with red roofs.

How many red roof houses do you spy?

I spy ____ red roof houses.

On the last day of their trip, the family went on a hike.

When they reached the top, they could see the waterfront below.

“It is beautiful”, said Zara.

“I can shout from up here and no one can hear me”, Liam said with a grin.

“I am going to count to fifteen,
Mommy!”

Can you count with Liam?

Let's go!

1... 2... 3... 4... 5...

6... 7... 8... 9... 10...

11... 12... 13... 14... 15!

“Fifteen!” Liam cheered. “That is my
highest count yet!”

“Great job!” Mom said, giving him a
high five.

COUNT WITH ME

AN ENGAGING STORY THAT TURNS COUNTING INTO AN ADVENTURE.

A vibrant illustration of a seagull with white feathers and a black wingtip, flying across a bright blue sky with scattered white clouds. Below the seagull, the deck of a ship is visible, featuring a white railing with an orange handrail, a white cylindrical structure, and a green deck. In the background, a deep blue sea stretches towards a range of green mountains under a clear sky.

Zara and Liam are on vacation with their family on an island full of magical numbers. Join them as they explore the island and count from 1 to 15.
